

Quality Policy Statement

It is the established policy of Arrow Environmental Services Limited to provide waste management services and products which comply with Customer's requirements.

The Quality Policy is designed to comply with the requirements of ISO 9001.

The success of this policy is achieved by commitment of all personnel within the company working in accordance with our documented procedures.

In order to ensure continuous improvement in the quality of service and product we supply, we will set and communicate quality objectives applicable to the whole Company and measure the progress made against the targets set.

The company will therefore pursue a policy of setting, maintaining and where possible improving quality standards and through continual improvement ensure customers quality requirements are met on all occasions.

This policy will be reviewed periodically to ensure its continued suitability.
